

# Jake Peralta

## Character Description

Your character is as close to my understanding of the Brooklyn 99 character as I can do without knowing. One exception. You killed Sheriff Huxley.

You found out that Huxley was the father of Rosa, and killed him for forcing her to be a part of The Vile Assembly, a criminal organization. Loyalty knows no bounds.

You confronted Sheriff Huxley last night after Crime Con about forcing Rosa to be part of The Vile Assembly. You fought outside the hotel. This morning, you accessed the local police lock up, stole a vial of POISON, and slipped some in Huxley's drink tonight. You saw Mike Sullivan while walking out, but did not say anything.

## Secrets and Lies

- **Is a killer**
- Knows about Diaz being Huxley's daughter. When Rosa told you, you went and picked a fight with Huxley, beat him up.
- After you left Huxley, Jim Hopper asked you where Huxley was, stormed into the hotel, and said "no one gets Joyce but me."
- Mike Sullivan's first two wives died in identical mysterious boating accidents.

- Nancy Drew's hotel room is next to yours. This morning, Jim Murphy walked out of it.

## Relationships

- Hated Huxley as a failed father figure to Diaz.
- Wants the best for Diaz. Would-and has--killed for her. Extremely protective.
- Went out for drinks last night with Jim Murphy, from OSHA. Very friendly person.

## Objectives

1. Hide the poison bottle before someone sees.
2. Figure out if there are any other The Vile Assembly here before they find you, and blackmail them. If they learn that you have killed someone in their group, they may kill you.
3. Reveal to someone that you are the murder, AND convince them to help you get away with it. Good luck!
