

# Jacque Clouseau

## French Fool

---

### Relationships

- Worked together with Detective Pikachu on a job, enjoyed it. She is also a member of The Vile Assembly, but does not know that you are.
- 
- Thinks Nancy Drew is immature and should stay out of the P.I. game.
- 
- You get along well with Jim Hopper. He has bought the buffon act hook, line, and sinker. Use him as a shield.

---

### Objectives

1. Embarras Nancy Drew.
  2. Blackmail Detective P. to stabilize control over The Vile Assembly.
  3. Recruit Mike Sullivan into the Vile Assembly. Make sure you have dirt on him to force his hand.
- 

### Character Description

- The pink panther has gone missing again. You have searched across America to no avail. You are here in Boston to keep up the search, and to see if anyone else has seen the gem. (Of course, this is all a lie).
- **You are “Mr. Teatime,” the leader of a nefarious narcotics ring called The Vile Assembly.** You pretend to be a dummy to keep people off your trail.
- You are a wine connoisseur and will only drink the finest of wines (as well as be snobby to people who drink “cheap swill”)

### Secrets and Lies

- Detective Pikachu is a member of The Vile Assembly. Jim Hopper used to be, but Huxley framed him to get the police his trail.
- One of Sheriff Huxley’s underlings, his old Deputy Jim Hopper or Detective Pikachu, likely killed the sheriff as a power play for control.
- Someone paid Huxley to frame The Hurty Boys (a local P.I. group).
- You heard a fight outside the hotel last night. Before it started, one of the men shouted "she's my daughter, and she will work in the family business!"
