

# Mike Sullivan

A no nonsense Boston native.

## Character Description

**Likes:** Mark Wallberg, the Sox, the Pats, the B's, the Celtics.

**Hates:** Starbucks, Yankees, when his idiot step kids don't shut up when he's watching The Big Game. His current and 3rd wife, Susan.

Mike has been placed on the Boston PD Opioid Task Force. The current big game is a group called The Vile Assembly, apparently lead by "Mr. Teatime." Local PD has no leads, but apparently the FEDs are closing in.

## Secrets and Lies

- You're first two wives died mysteriously... you made sure of it.
- For a detective, Rosa Diaz sure has a lot of expensive things: beautiful apartment, pilot's license, medical degree.
- You've seen Fredrek around town, and he gets taken to some fancy dinner in some fancy cars.
- Before Nancy Drew took over in town, the P.I. business was dominated by the Hurty Boys. They're in jail for drug possession and distribution now. Rumor on the force is that they were framed and Nancy was involved.
- This morning, you went into the precinct and saw Jake Peralta leaving. You didn't

speak, but are curious as to why he was there.

## Relationships

- Fredrek is a creep and a weirdo, besides being a scam artist. Talking to ghosts??
- Nancy Drew is seriously smokin, sure would be a shame if something happened to nerdy Jim Murphy (OSHA Man). You saw them leave the bar together last night arm in arm.
- You've heard that The Vile Assembly have recently pushed into Gotham City, Batman is likely involved or looking for them too. Either way, he is a good person to be around.

## Objectives

1. If you catch one of The Vile Assembly that means promotion. Promotion means that boat you've been eyeing. Maybe it would get Susan off your back too. If she isn't already 6ft under.
2. Convince Jim Murphy to stay away from Nancy. Best done via blackmail.
3. Find someone willing to do the dirty work of killing your wife.
